**Analysis Prepared by the Department of
Workforce Development**

Statutes Interpreted

Statutes Interpreted: Ch. 108, Stats.

Statutory Authority

Statutory Authority: ss. 108.04, 108.08, 108.09, and 108.14, Stats.

Explanation of Statutory Authority

DWD has specific and general authority to establish rules interpreting and clarifying provisions of ch. 108, Stats., unemployment insurance and reserves. DWD has general authority for promulgating rules with respect to ch. 108, Stats., under s. 108.14 (2), Stats. 2013 Wisconsin Act 20 amended s. 108.04 (2) (a) 2., Stats., to provide that unemployment insurance claimants registration for work shall be done as directed by DWD. s. 108.04 (2) (b) provides DWD may prescribe rules that unemployment insurance claimants must follow to register work and search for work and may by general rule waive these requirements under certain stated conditions.

Under s. 108.08 (1), Stats., in order to receive benefits, claimants shall give notice to DWD with respect to the claimants' unemployment. The statute provides that the method used by claimants to provide notice of their unemployment shall be prescribed by rule of DWD. Under s. 108.09 (1), Stats., claims for benefits shall be filed pursuant to rules prescribed by DWD.

Related Statutes or Rules

Chapter 108, Stats., governs the state's unemployment insurance system. Section 108.04 provides the primary eligibility requirements an unemployed person must satisfy in order to qualify for benefits. Section 108.04 (2), Stats., provides a claimant is eligible for benefits as to any given week only if the individual is able to work and available for work during that week, the individual has registered for work as directed by DWD, and the individual conducts a reasonable search for suitable work during that week. Moreover, it provides that a claimant must make available information or job application materials that are requested by DWD.

Plain Language Analysis

The rule modifies existing rules by simplifying and clarifying the intent of the administrative code provisions surrounding registration and work search requirements for an unemployment insurance claimant. Also the rule modification enables DWD to be able to adapt work registration and work search requirements as advances in technology make changes possible and necessary. Moreover, the rule changes facilitate DWD's ability to audit the work search efforts of unemployment insurance claimants as required by the newly enacted statutory provision s. 108.14 (20), Stats., that was created by 2013 Wisconsin Act 36. In addition, the existing administrative rules provide for waivers from the work search requirement. The rule amendments decrease and narrow the remaining waivers.

The rule changes will streamline the ability of DWD to ensure that individuals receiving unemployment insurance benefits are actively seeking work to become reemployed. The rule modification will also strengthen DWD's objective that those receiving unemployment insurance are engaging in activities that constitute a reasonable effort to obtain employment.

The rule amendments clarify that DWD has the authority to request information from claimants to assist them in finding employment. More specifically, the amendments to ch. DWD 129 grant DWD the flexibility to implement improvements with respect to the claims filing procedures.

Summary of, and comparison with, existing or proposed federal statutes and regulations

Unemployment insurance was initiated on a national basis in the United States as Title III and Title IX of the Social Security Act of 1935 and is a Federal-State coordinated program. Each state administers its own program within national guidelines promulgated under federal law. As a condition of a state receiving its unemployment compensation administrative grant, 42 USC 503 (a) provides that the Secretary of Labor must find that the law of the state includes certain

requirements. Specifically, 42 USC 503 (a) (12) provides that state laws must have as a condition of eligibility for unemployment insurance that claimants must be able to work, available to work, and actively seeking work. Moreover, 42 USC 503 (a) (10) provides that state laws must require that if claimants have been referred for reemployment services or similar services, to remain eligible for unemployment insurance benefits claimants must complete such services or there must be justifiable cause for the claimants failing to participate in such services.

Comparison with rules in adjacent states

As the Department of Labor's Comparison of State UI Laws states: "[i]n addition to registration for work at a local employment office, all states... , whether by law or practice, require that a worker be actively seeking work or making a reasonable effort to obtain work." The amendments to the rules bring Wisconsin's rules more in line with neighboring states' initiatives to facilitate unemployment insurance claimants' ability to find employment.

Benefit Claiming Procedure

Illinois	Each claimant shall file his or her claim by telephone. The only exception is if the claimant files his or her claim by mail. To file a claim by mail the claimant must: speak neither English nor Spanish; be hearing impaired; or have no reasonable access to a touch-tone telephone. (56 Il. Adm. Code 2720.112)
Indiana	A claimant must report on their job search on a weekly basis via submission of the online claim form, or in any other manner as required by the department. (646 IN 5-9-4 Administrative Code) A claimant is not eligible for benefits in any week unless he or she has filed a claim for benefits and reports to the department each week that he or she continues to meet all eligibility requirements. A claimant's claim for benefits, and weekly report to the department, must be filed in the form and manner prescribed by the department. (646 IN 5-9-2 Administrative Code)
Iowa	An individual may file an initial claim for unemployment benefits by telephone, in person or other means prescribed by the department or may call the service center during regular business hours. Claims filed in accordance with this rule shall be deemed filed as of Sunday of the week in which the claim is filed, but must register for work at a workforce development center (IA 871-24.2 (96)) Administrative Code
Michigan	Claims for benefits shall be made pursuant to regulations prescribed by the unemployment agency. The unemployment agency shall designate representatives who shall promptly examine claims and make a determination on the facts. (M.C.L.A. 421.32) An individual shall file a new, additional, or reopened claim or shall report to file a continued claim as directed by the agency. (Mich. Admin. Code R. 421.210 (3))

Minnesota	<p>An application for unemployment benefits may be filed in person, by mail, or by electronic transmission as the unemployment insurance agency may require. <i>(M.S.A. s. 268.07 Statutes Annotated)</i></p> <p>The unemployment insurance agency shall notify the claimant of the method that should be used to make ongoing claims for benefits. The first method is through electronic transmission which means the claims may be filed by electronic mail address, telephone number, or Internet address prescribed by the commissioner for that claimant. The other method that the unemployment insurance agency may designate for the claimant is for the claim to be filed by mail. <i>(M.S.A. s. 268.0865 Statutes Annotated)</i></p>

Work Search Requirements

Illinois	<p>Unless otherwise instructed, a claimant must establish that he or she is able to work, available for work and actively seeking work during each week for which he or she is claiming benefits. The claimant must show that he or she is conducting a thorough, active and reasonable search for appropriate work on his or her own by keeping records of what he or she is doing to find work. (56 Il. Adm. Code 2865.100)</p>
Indiana	<p>To establish an effort to secure full-time work, a claimant is required to search for three (3) positions in each week for which benefits are claimed. <i>(646 IN 5-9-3 Administrative Code)</i></p>
Iowa	<p>The Iowa law specifies that an individual must earnestly and actively seek work. This is interpreted to mean that a registration for work at a workforce development center or state employment service office in itself does not meet the requirements of the law. Nor is it interpreted to mean that every individual must make a fixed number of employer contacts each week to establish eligibility. The number of contacts that an individual must make is dependent upon the condition of the local labor market, the duration of benefit payments, a change in claimant characteristics, job prospects in the community, and such other factors as the department deems relevant. (IA 871-24.22 (96) f. Administrative Code)</p>
Michigan	<p>The claimant has registered for work and has continued to report in accordance with unemployment agency rules and is actively engaged in seeking work. Except for a period of disqualification, the requirement that the claimant shall seek work may be waived by the unemployment agency if it finds that suitable work is unavailable both in the locality where the individual resides and in those localities in which the individual has earned wages during or after the base period. an otherwise eligible individual shall not be ineligible for benefits because he or she is participating in training with the approval of the unemployment agency. (M.C.L.A. 421.28)</p>

Minnesota	<p>An applicant may be eligible to receive unemployment benefits for any week if the applicant was actively seeking suitable employment. "Actively seeking suitable employment" means those reasonable, diligent efforts an individual in similar circumstances would make if genuinely interested in obtaining suitable employment under the existing conditions in the labor market area. Limiting the search to positions that are not available or are above the applicant's training, experience, and qualifications is not "actively seeking suitable employment."</p> <p><i>(M.S.A. s. 268.085 Statutes Annotated)</i></p>

Illinois	<ul style="list-style-type: none"> • A claimant must register with the Illinois Employment Service unless otherwise instructed by the local office. There are ten circumstances in which a claimant will not be required to register with the Illinois Employment Service (56 IL Adm. Summary of factual data and analytical methodologies

This rule does not depend on any complex analysis of data. Instead, the changes to the rules represent common sense amendments that will assist unemployment insurance claimants to provide additional information to DWD in order that DWD may better assist them in returning to work.

Analysis and supporting document used to determine effect on small business or in preparation of an economic impact analysis

This rule will have a positive impact on employers and unemployment insurance claimants.

Effect on small business

This rule does not have any small business requirements but is expected to benefit all employers, including small business. First, the rule is projected to result in more unemployment insurance claimants finding employment faster. As a result, unemployed individuals will be collecting unemployment insurance benefits for a shorter duration and there will be fewer charges to employers' unemployment insurance accounts. This will result in employers having to pay lower amounts of unemployment tax. Second, more unemployed individuals will be required to seek employment and those unemployed individuals who already were required to seek employment will likely be assisted better by DWD in applying for appropriate jobs. As a result, there are likely to be more and better job applications for employers to review as more employers seek to hire individuals.

24 ~~extended an additional 4 weeks but may not exceed a total of 12 weeks, if verified by the~~
25 ~~employer.~~

1 **SECTION 8.** DWD 126.03 (3), (4), (5), (6), and (7) are created to read:

2 DWD 126.03 (3) The claimant has a reasonable expectation of starting employment with
3 a new employer within 4 weeks and the employer has verified the anticipated starting date with
4 the department. The waiver shall not exceed 4 weeks.

5 (4) The claimant has been laid off from work and routinely obtains work through a union
6 referral and all of the following apply:

7 (a) The union is the primary method used by workers to obtain employment in the
8 claimant's customary occupation.

9 (b) The union maintains a record of unemployed members, and the referral activities of
10 these members, and allows the department to inspect such records.

11 (c) The union provides, upon the request of the department, any information regarding a
12 claimant's registration with the union or any referrals for employment it has made to the
13 claimant.

14 (d) Prospective employers of the claimant seldom place orders with the public
15 employment office for jobs requiring occupational skills similar to those of the claimant.

16 (e) The claimant is registered for work with a union and satisfies the requirements of the
17 union relating to job referral procedures, and maintains membership in good standing with the
18 union.

19 (f) The union enters into an agreement with the department regarding the requirements of
20 this subsection.

21 (5) The claimant is summoned to serve as a prospective or impaneled juror.

22 (6) The claimant is enrolled in and satisfactorily participating in a course of approved
23 training under s. 108.04 (16), Stats., in a work share program under s. 108.062 (10m), Stats., in a

1 self-employment assistance program or other federally authorized program enacted by the
2 Wisconsin legislature.

6 **SECTION 10.** DWD 127 (title) is amended to read:

8 **SECTION 11.** DWD 127.01 (1), (2) (intro.) and (a) are amended to read:

9 DWD 127.01 **Work search; policy; requirements.** (1) ~~Under s. 108.04 (2), Stats., a~~ A
10 claimant shall be eligible for unemployment benefits for any given week ~~only~~ when the
11 department finds, ~~among other things,~~ that the claimant has ~~within that week made a reasonable~~
12 completed at least 4 actions to search for suitable work within that week. ~~The search for suitable~~
13 ~~work shall include at least 2 actions by the claimant each week that are reasonably designed to~~
14 ~~secure work. Mere registration~~ Upon request of the department, a claimant may be required to
15 provide verification of conducting at least 4 work search actions that are reasonably designed to
16 secure work. Registration for work under ch. DWD 126 does not establish that the claimant is
17 making a reasonable search for suitable work. It is essential that the claimant personally and
18 diligently search for suitable work ~~on his or her own behalf~~. The reasonableness of a search for
19 work will, in part, depend on the employment opportunities in the claimant's labor market area.
20 A work search which may be appropriate in a labor market area with limited opportunities may
21 be totally unacceptable in an area with greater opportunities. Unreasonable limitations by a
22 claimant as to salary, hours or conditions of work indicate that a claimant is not making a

1 reasonable search for suitable work. The department expects each claimant to conduct himself
2 ~~or herself~~ themselves as would a prudent person who is out of work and seeking work.

3 (2) ~~The department shall consider~~ All of the following actions to by a claimant shall
4 constitute a reasonable work search for suitable work under the facts and circumstances of each
5 claimant's situation action:

6 (a) ~~Making applications~~ Applying for work with employers who may reasonably be
7 expected to have openings for suitable work; except that applications submitted to the same
8 employer more than once in a 4-week period are not credited as a work search action unless a
9 new job is posted or available, or the employer's customary practices or circumstances
10 encourage the submission of additional applications.

11 **SECTION 12.** DWD 127.01 (2) (b) is repealed.

12 **SECTION 13 .** DWD 127.01 (2) (c) and (d) are amended to read:

13 DWD 127.01 (2) (c) Making applications ~~or taking.~~

14 (cm) Taking examinations for suitable work in the civil service of a governmental unit;.

15 (d) Registering for suitable work with a public or private placement facility, including a
16 union referral or hiring hall and complying with the various union registration requirements and
17 job referral procedures;.

18 (e) Registering with a placement facility of the claimant's professional organization;

19 **SECTION 14.** DWD 127.01 (2) (em) is created to read:

20 DWD 127.01 (2) (em) Following the recommendations of a public employment office or
21 similar reemployment services, including participation in reemployment services.

22 **SECTION 15.** DWD 127.01 (2) (f) to (i) are repealed.

1 **SECTION 16.** DWD 127.01 (2) (j) is repealed and recreated to read:

2 DWD 127.01 (2) (j) Other actions the department may determine as constituting a
3 reasonable job search action.

4 **SECTION 17.** DWD 127.01 (3) is amended to read:

5 DWD 127.01 (3) A Except if the work search requirement has been waived by the
6 department, a claimant shall be ineligible for unemployment benefits in any given week in which
7 the department determines that the claimant's search for suitable work was not reasonable under
8 the requirements of this section unless the search has been waived by the department claimant
9 did not conduct at least 4 actions to search for suitable work within that week.

10 **SECTION 18.** DWD 127.02 (intro), (1), (2), (3) and (4) are amended to read:

11 DWD 127.02 **Waiver of work search requirements.** The department shall waive a
12 claimant's ~~search for suitable work~~ requirement under s. DWD 127.01 for any week under to
13 conduct at least 4 actions to search for suitable work if any of the following circumstances apply:

14 (1) The claimant performs ~~any~~ at least 20 hours of work for ~~his or her customary~~ any
15 employer in that week.

16 (2) The claimant is currently laid off from employment with an employer but the
17 employer has verified with the department there is a reasonable expectation of reemployment of
18 that the claimant by that will be returning to employment within a period of 8 weeks, which may
19 be extended an additional 4 weeks but may not exceed a total of 12 weeks, if verified by the
20 employer. ~~In determining whether the claimant has a reasonable expectation of reemployment by~~
21 ~~the employer, the department shall request the employer to verify the claimant's employment~~
22 ~~status and shall also consider other factors, including the following:~~

23 (a) ~~The history of layoffs and reemployments by the employer.~~

1 ~~(b) Any information that the employer furnished to the individual or the department~~
2 ~~concerning the claimant's anticipated reemployment date.~~

3 ~~(c) Whether the claimant has recall rights with the employer under the terms of any~~
4 ~~applicable collective bargaining agreement.~~

5 (3) The claimant has a reasonable expectation of starting work employment with a new
6 employer within 4 weeks ~~of the week in which waiver is being considered. In determining~~
7 ~~whether a claimant has a reasonable expectation of starting work with a new employer, the~~
8 ~~department shall consider factors including, but not limited to, the following:~~

9 ~~(a) The hiring practices of employers in the claimant's labor market area for workers who~~
10 ~~perform work which is similar to the work which the claimant is expected to perform for the new~~
11 ~~employer;~~

12 ~~(b) Any information which the new employer furnished to the claimant or the department~~
13 ~~about the time within which the work is expected to commence; and~~

14 ~~(c) Whether the work is suitable work for the claimant, and the employer has verified the~~
15 ~~anticipated starting date with the department. The waiver shall not exceed 4 weeks.~~

16 (4) The claimant has been laid off from work and routinely obtains work through a union
17 ~~referral or hiring hall process. Waiver under this subsection may be permitted only if and all of~~
18 ~~the following apply:~~

19 ~~(a) The union referral or hiring hall process is the primary method used by which~~
20 ~~workers to obtain work employment in the claimant's customary occupation;~~

21 ~~(b) The union maintains a record of unemployed members, and the referral activities of~~
22 ~~these members, and allows the department to inspect such records;~~

1 (c) The union provides, upon the request of a the department deputy, any information
2 regarding a claimant's registration ~~or a job opening or referral~~; with the union or any referrals for
3 employment it has made to the claimant.

4 (d) Prospective employers of the claimant seldom place orders with the public
5 employment office for jobs requiring occupational skills similar to those of the claimant.

6 (e) The claimant is registered for work with ~~his or her~~ a union and satisfies the
7 requirements of the union relating to job referral procedures, ~~and maintenance of~~ maintains
8 membership in good standing; ~~and with the union.~~

9 (f) The union enters into a ~~written~~ an agreement with the ~~public employment office~~
10 department regarding the requirements of this subsection.

11 **SECTION 19.** DWD 127.02 (5) is repealed.

12 **SECTION 20.** DWD 127.02 (7) and (9) are amended to read:

13 DWD 127.02 (7) The claimant is enrolled in and satisfactorily participating in a course
14 of approved training under s. 108.04 (16), Stats., in a work share program under s. 108.062
15 (10m), Stats., or in a self-employment assistance program or other federally authorized program
16 that has been enacted by the Wisconsin legislature.

17 (9) ~~The claimant was not aware of the work search requirement and the claimant's most~~
18 ~~recent employer failed to post and maintain the notice on claiming unemployment benefits that~~
19 ~~was supplied to the employer~~ appropriate notice-posters as to claiming unemployment benefits as
20 required under s. DWD 120.01 and the claimant was not aware of the work search requirement.

21 **SECTION 21.** DWD 127.02 (10) is repealed.

Wisconsin Department of Workforce Development

Initial Regulatory Flexibility Analysis

Rule Subject: Unemployment Insurance Work Registration, Work Search and Benefit Claiming Procedures

Adm. Code Reference: DWD 126, 127 and 129

Rules Clearinghouse #: Not yet assigned

Rule Summary

The amendments to the rules give the Department of Workforce Development (DWD) the flexibility to implement the claims filing procedures envisioned under unemployment insurance modernization. Also, the amendments simplify and clarify the intent of the administrative code provisions surrounding registration and work search requirements for unemployment insurance claimants. Moreover, the amendments enable DWD to be able to modify work registration and work search requirements as advances in technology make changes possible and necessary. The underlying purpose behind these changes is that individuals who are receiving unemployment insurance shall have as their full-time job acquiring employment. Among other things, the amendments to the rules will do all of the following:

Registration for Work Requirement

- Ensure the rules correspond with recently enacted legislation that provides that, except if waived from the registration requirement, all unemployment insurance claimants must register for work with DWD;
- Require unemployment insurance claimants to provide information to DWD to facilitate their reemployment efforts;
- Provide DWD with flexibility to prescribe the standards for the content of the information required of claimants to complete their registration for work;
- Remove the presumption that claimants who have registered for work with DWD are also participating in reemployment services; and,
- Update and clarify when DWD will waive the requirement that a claimant register for work.

Work Search Requirement

- Alter the rules to be consistent with recently enacted legislation that provides that, except if waived from the work search requirement, unemployment insurance claimants must conduct at least four weekly work search actions;

- Grant explicit authority to DWD that it may require claimants to provide it with proof that they have conducted at least four actions that are reasonably designed to secure work;
- Update what actions by claimants will be considered to constitute a reasonable search for suitable work;
- Decrease the circumstances in which DWD will waive the requirement that claimants to receive unemployment insurance benefits must perform work search actions;
- Narrow and fine-tune the remaining circumstances under which DWD will waive the claimants' work search requirement;
- Provide, as required by recently enacted legislation, uniform criteria for when DWD will require claimants to conduct more than four work search actions in a given week;

Benefit Claiming Procedures

- Grant DWD the authority to prescribe the method or methods by which unemployment insurance claimants initiate a claim for benefits; and,
- Authorize DWD to prescribe the method or methods by which unemployment insurance claimants file a weekly certification in order to notify DWD that they are continuing to file a claim.

Small Business Affected

This rule will have a generally positive impact on small businesses. First, the rule is projected to result in more unemployment insurance claimants finding employment faster. As a result, unemployed individuals will be collecting unemployment insurance benefits for a shorter duration and there will be fewer charges to employers' unemployment insurance accounts. This will result in employers having to pay lower amounts of unemployment tax. Second, more unemployed individuals will be required to seek employment and those unemployed individuals who already were required to seek employment will likely be assisted better by DWD in applying for appropriate jobs. As a result, there are likely to be more and better job applications for employers to review as more employers seek to hire individuals.

Reporting, Bookkeeping and other Procedures

The amendments to the rules do not regulate any small businesses and thus there are no reporting, bookkeeping, or other procedures in the amendments for small businesses.

Professional Skills Required

The amendments to the rules do not regulate any small businesses and thus there are no professional skills required for small businesses.

Accommodation for Small Business

Many of the businesses indirectly affected by these rule amendments are "small businesses." The rule amendments do not make special exceptions for small businesses because the changes to the unemployment insurance program will positively impact businesses of all sizes.

This rule changes includes provisions that will benefit large and small businesses alike. For example, this rule amendment:

- Strengthens the reporting requirements that unemployment insurance claimants will be required to provide DWD and thereby will enable DWD to better assist unemployment insurance claimants to find employment and have a shorter duration of time in which they are receiving unemployment insurance benefits. This will help businesses of all sizes by having fewer charges to their unemployment insurance account and result in lower unemployment insurance taxes on all businesses.
- Narrows the number of circumstances in which unemployment insurance claimants will receive a waiver from work search requirements and thereby will enable businesses with job openings to have a larger set of candidates who apply for the job. As a result, businesses are likely to have better potential candidates to fill job openings.

Conclusion

The rule amendments will generally benefit affected businesses, including small businesses. Negative effects, if any, will be few and limited. This rule amendment will not have a significant adverse effect on small businesses and is not subject to the delayed "small business" effective date provided in s. 227.22 (2) (e), Stats.

4. Plain Language Analysis of the Rule, its Impact on the Policy Problem that Justified its Creation and Changes in Technology, Economic Conditions or Other Factors Since Promulgation that alter the need for or effectiveness of the Rule.

The rule modifies existing rules by simplifying and clarifying the intent of the administrative code provisions surrounding registration and work search requirements for an unemployment insurance claimant. Also the rule modification enables the Department of Workforce Development (DWD) to be able to adapt work registration and work search requirements as advances in technology make changes possible and necessary. Moreover, the rule changes facilitate DWD's ability to audit the work search efforts of unemployment insurance claimants as required by the newly enacted statutory provision s. 108.14 (20), Stats., that was created by 2013 Wisconsin Act 36. In addition, the existing administrative rules provide for waivers from the work search requirement. The rule amendments decrease and narrow the remaining waivers.

The rule changes will streamline the ability of DWD to ensure that individuals receiving unemployment insurance benefits are actively seeking work to become reemployed. The rule modification will also strengthen DWD's objective that those receiving unemployment insurance are engaging in activities that constitute a reasonable effort to obtain employment.

The rule amendments clarify that DWD has the authority to request information from claimants to assist them in finding employment. More specifically, the amendments to DWD s. 129 grant DWD the flexibility to implement improvements with respect to the claims filing procedures.

5. Describe the Rule's Enforcement Provisions and Mechanisms

There are a number of enforcement mechanism for these rules:

- If an unemployment insurance claimant does not adhere to the benefit claiming procedures, work registration requirements, and work search conditions, the claimant may be determined to be ineligible for unemployment insurance benefits.
- If an unemployment insurance claimant conceals any material fact relating to his or her eligibility for benefits in order to be seen as complying with the requirements of DWD ss. 126, 127, or 129, for:
 - (1) Each single act of concealment a claimant is ineligible for benefits in an amount equivalent to two times his or her weekly benefit rate;
 - (2) Each single act of concealment occurring after the first act of concealment a claimant is ineligible for benefits in an amount equivalent to four times his or her weekly benefit rate; and,
 - (3) Each single act of concealment occurring after the date of the second or subsequent determination of concealment a claimant is ineligible for benefits in an amount equivalent to eight times his or her weekly benefit rate.

The ineligibility for benefit framework for acts of concealment is pursuant to s. 108.04 (11) (be), Stats.

- In addition, to the ineligibility for benefits provided in the second dot point, if an unemployment insurance claimant conceals any material fact relating to his or her eligibility for benefits in order to be seen as complying with the requirements of DWD §§ 126, 127, or 129, he or she will be charged a penalty of fifteen percent of the benefit payments erroneously paid to the claimant as a result of his or her act of concealment. The penalty framework for acts of concealment is pursuant to s. 108.04 (11) (bh), Stats.

These rule amendments do not have any small business requirements but are expected to benefit all employers, including small business. First, the amendments are projected to result in more unemployment insurance claimants finding employment faster. As a result, unemployed individuals will be collecting unemployment insurance benefits for a shorter duration and there will be fewer charges to employers' unemployment insurance accounts. This will help employers to pay lower amounts of unemployment insurance tax. Second, more unemployed individuals will be required to seek employment and those unemployed individuals who already were required to seek employment DWD will better be able to assist them find appropriate jobs. 13. Summary of Costs and Benefits of Repealing or Modifying the Rule

The rule amendments will make the rules consistent with the newly enacted legislation and update and modernize existing requirements with respect to the claim benefit filing procedure and work search and work registration requirements. These rule changes will strengthen the requirements for unemployed individuals to actively seek employment and thereby improve their employment prospects and align the job search requirements with the underlying goal of the unemployment insurance program. The amendments accomplish this by:

- Providing explicit authority for DWD to require unemployment insurance claimants to provide information to DWD to facilitate their reemployment efforts;
- Updating what actions by claimants will be considered to constitute a reasonable search for suitable work;
- Decreasing the circumstances in which DWD will waive the requirement that claimants to receive unemployment insurance benefits must perform work search actions;
- Narrowing and fine-tuning the remaining circumstances under which DWD will waive the claimants' work search requirement; and,
- Enhancing the procedures required to file claims for benefits in order to facilitate the ability of DWD to assist claimants find employment.

15. Long Range Implications of Repealing or Modifying the Rule

These rule amendments will have a positive economic impact. The increase in the requirement for work search activities will likely decrease charges to the Unemployment Insurance Trust Fund due to individuals obtaining employment sooner or being disqualified from receiving unemployment insurance benefits for not actively seeking work. This will have a positive economic impact on employers, due to fewer charges to employers' unemployment insurance accounts. As a

Fiscal Estimate & Economic Impact Analysis

result, employers will be charged a lower rate of unemployment insurance tax. In addition, claimants who are regularly collecting a paycheck rather than an unemployment compensation check will contribute more economically within their community.

16. Compare With Approaches Being Used by Federal Government

The unemployment insurance program was initiated on a national basis in the United States as Title III and Title IX of the Social Security Act of 1935 and is a Federal-State coordinated program. Each state administers its own program within national guidelines promulgated under federal law. As a condition of a state receiving its unemployment compensation administrative grant, 42 USC s. 503 (a) provides that the Secretary of Labor must find that the law of each state includes certain requirements. Specifically, 42 USC s. 503 (a) (12) provides that state laws must have as a condition of eligibility for unemployment insurance that claimants must be able to work, available to work, and actively seeking work. Moreover, 42 USC s. 503 (a) (10) provides that state laws must require that if claimants have been referred for reemployment services or similar services, to remain eligible for unemployment insurance benefits claimants shall complete such services or there must be justifiable cause for the claimants failing to participate in such services.

17. Compare With Approaches Being Used by Neighboring States (Illinois, Iowa, Michigan and Minnesota)

As the Department of Labor's Comparison of State UI Laws states: "[i]n addition to registration for work at a local employment office, all states... , whether by law or practice, require that a worker be actively seeking work or making a reasonable effort to obtain work." The amendments to the rules bring Wisconsin's policies more in line with neighboring states' initiatives to facilitate unemployment insurance claimants' ability to find employment.

Benefit Claiming Procedure

- **Illinois**

Each claimant shall file his or her claim by telephone. The only exception is if the claimant files his or her claim by mail. To file a claim by mail the claimant must: speak neither English nor Spanish; be hearing impaired; or have no reasonable access to a touch-tone telephone. (56 Il. Adm. Code 2720.112)

- **Iowa**

An individual may file an initial claim for unemployment benefits by telephone, in person or other means prescribed by the department or may call the service center during regular business hours. Claims filed in accordance with this rule shall be deemed filed as of Sunday of the week in which the claim is filed, but a claimant must register for work at a workforce development center (IA 871-24.2 (96) Administrative Code)

- **Michigan**

Claims for benefits shall be made pursuant to regulations prescribed by the unemployment insurance agency. The unemployment insurance agency shall designate representatives who shall promptly examine claims and make a determination on the facts. (M.C.L.A. 421.32)

EXISTING ADMINISTRATIVE RULES

Fiscal Estimate & Economic Impact Analysis

An individual shall file a new, additional, or reopened claim or shall report to file a continued claim as directed by the agency. (Mich. Admin. Code R. 421.210 (3))

- Minnesota

An application for unemployment insurance benefits may be filed in person, by mail, or by electronic transmission as the unemployment insurance agency may require. (M.S.A. s. 268.07 Statutes Annotated)

The unemployment insurance agency shall notify the claimant of the method that should be used to make ongoing claims for benefits. The first method is through electronic transmission which means the claims may be filed by electronic mail address, telephone number, or Internet address prescribed by the commissioner for that claimant. The other method that the unemployment insurance agency may designate for the claimant is for the claim to be filed by mail. (M.S.A. s. 268.0865 Statutes Annotated)

Unless otherwise instructed, a claimant must establish that he or she is able to work, available for work and actively seeking work during each week for which he or she is claiming benefits. The claimant must show that he or she is conducting a thorough, active and reasonable search for appropriate work on his or her own by keeping records of what he or she is doing to find work. (56 Il. Adm. Code 2865.100)

- Iowa

The Iowa law specifies that an individual must earnestly and actively seek work. This is interpreted to mean that a registration for work at a workforce development center or state employment service office in itself does not meet the requirements of the law. Nor is it interpreted to mean that every individual must make a fixed number of employer contacts each week to establish eligibility. The number of contacts that an individual must make is dependent upon the condition of the local labor market, the duration of benefit payments, a change in claimant characteristics, job prospects in the community, and such other factors as the department deems relevant. (IA 871-24.22 (96) f. Administrative Code)

- Michigan

The claimant has registered for work and has continued to report in accordance with unemployment agency rules and is actively engaged in seeking work. Except for a period of disqualification, the requirement that the claimant shall seek work may be waived by the unemployment insurance agency if it finds that suitable work is unavailable both in the locality where the individual resides and in those localities in which the individual has earned wages during or after the base period. An otherwise eligible individual shall not be ineligible for benefits because he or she is participating in training with the approval of the unemployment agency. (M.C.L.A. 421.28)

suitable employment. "Actively seeking suitable employment" means those reasonable, diligent efforts an individual in similar circumstances would make if genuinely interested in obtaining suitable employment under the existing conditions in the labor market area. Limiting the search to positions that are not available or are above the applicant's training, experience, and qualifications is not "actively seeking suitable employment."
